

Spring Yard Waste Dumpster

Friday, 17 April 2020 08:45

The city has arranged for a dumpster at the public works facility (located at the west end of 5th Street in the business park) for Sully residents to dispose of leaves and yard or garden waste as an alternative to burning. Acceptable items are leaves and yard/garden waste ONLY – NO branches; NO grass clippings and NO trash. If you bag the leaves and yard waste they must be in a **BIODEGRADABLE BAG**. DO NOT use a plastic trash bag. DO NOT bring normal garbage to this dumpster. The area is monitored by a surveillance camera and there is a \$250 fine for dumping items other than leaves and garden/yard waste. IF THE RULES FOR USE OF THIS DUMPSTER ARE NOT FOLLOWED, THE SERVICE WILL BE DISCONTINUED! Your cooperation is needed and appreciated.
