

While the City of Sully may be “On the Grow” it would seem, our current website is not. However, a Website Committee has been formed to work on bringing you a new website. The Website Committee is looking for feedback from the public through a short survey to help determine what works and what doesn’t; as well as looking for ideas for what should be included on the new website -- here is the link in case you want to participate: [Sully Website Survey](#)

Hurry though – the survey will close on October 1st.

After the survey results are compiled, the Committee will be looking for a provider that best fits our needs. Once a provider has been chosen the goal is to have a new website up and running during the first quarter of 2021. Watch for more information and details to come.
