

Hydrant Flushing to Take Place Overnight

Thursday, 21 October 2021 10:14

Public Works Department will be flushing hydrants starting on the west side of the city on Thursday, October 21 starting at 9:00 pm. Flushing will be completed by early Friday morning.

You may notice some discoloration in the water during this time, but you may be assured the water will be safe to use. However, please use caution when doing laundry since water discoloration may cause staining on clothing.
